**MISSOURI  
HOUSE OF REPRESENTATIVES  
Cody Smith  
State Representative, District 163**

September 11, 2019

Dear House Colleagues:

Just like you, I have several goals as a duly elected legislator. One is to be a good steward of taxpayer dollars. Another goal is to make budget data as transparent to the public as we can in the 21st century. Budget Fast Facts is one tool the House offers to equip you with a general knowledge of the appropriation process and the state budget. It is designed to be a reference of the revenues received into state government and the spending that is authorized by the General Assembly across Missouri's three constitutional branches of government and the various departments and agencies that comprise the executive branch.

This booklet is packed with information designed to give you a broad overview of the state budget and in many instances provides a historical perspective to help you understand the spending patterns and policy decisions made by legislators who have come before us. *Budget Fast Facts* includes relevant terms and acronyms used by appropriators and state agencies to help you more easily absorb the information. There are also several graphs and tables for comparison and contrast purposes.

The House Appropriations Office in the Capitol basement is comprised of talented analysts and support staff. They have constructed this booklet, now in its 28th edition, after the new fiscal year has started. Inside you will find the budget areas assigned to our analysts, as well as the contact numbers for each department of state government. This booklet and much more budget related information are also available on the House website. If you have any questions or are interested in digging deeper into an area of the state budget, please reach out to them at (573) 751-3972.

Thank you for your interest in our constitutional duty of appropriating taxpayer dollars and for your service to the State of Missouri.

Most sincerely,

A handwritten signature in black ink, appearing to read "C. Smith", is written over a horizontal line.

Cody Smith  
House Budget Chairman

## INTRODUCTION

---

*Budget Fast Facts* provides Missouri financial and budgetary information for FY 2020 (July 1, 2019 - June 30, 2020). It includes current year state revenues and after-veto appropriations. The *2019 Budget Fast Facts* is divided into four sections:

- Financial Overview
- Department Data by House Bill
- General Information
- Appendix

*Budget Fast Facts* is intended to provide members of the House of Representatives and their staff with a quick reference for basic budget information. *Budget Fast Facts* answers many of the most frequently asked questions about Missouri's budget including:

Q: What is the size of the General Revenue Budget?

A: See page 23

Q: How much does the state spend on the Medicaid program?

A: See page 19

Q: How many state workers (FTE) are authorized in the FY 2020 budget?

A: See page 14

Q: How much does the state appropriate in Lottery and Gaming revenues for education?

A: See page 45

Q: What has been the growth in state revenues over the past decade?

A: See page 32

*Budget Fast Facts* is prepared annually by House Appropriations Staff. Information is compiled using a combination of resources including the Governor's Executive Budget, the Office of Administration, the state's budget and accounting systems, and various state executive agencies.

## MISSOURI'S TOBACCO SETTLEMENT

In November 1998, Missouri joined with 46 other states, the District of Columbia, and U.S. Territories in announcing a master settlement agreement (MSA) with tobacco companies. The agreement is the largest settlement ever achieved by the state of Missouri. The agreement provides for the settlement of all past, present, and future smoking-related claims for health care costs against the tobacco companies in exchange for payments to the states. The agreement also imposes specific tobacco advertising and marketing restrictions. The agreement requires annual payments in perpetuity. Missouri will receive an estimated \$3.03 billion from the settlement through FY 2020. TAFP House Bill 14, 91st General Assembly First Regular Session, authorized the initial spending plan for FY 2002.

Statute requires at least \$35M of the master settlement receipts be deposited into the Early Childhood Development, Education and Care Fund (161.215 RSMo) and that 25% of said receipts be deposited into the Life Sciences Research Trust Fund (196.1100 RSMo). Any remaining settlement proceeds are deposited into the Healthy Families Trust Fund.

The following table provides a quick summary of how the tobacco proceeds were spent.

\*Approximately \$70 million was withheld from Missouri's 2014 MSA payment due to an arbitration panel's ruling against the state regarding the 2003 MSA payment. Under the MSA, states that do not fulfill their obligations (non-diligent states) may be assessed penalties based on the amount of market share that the signatory tobacco companies (PMs) lost in that state. Non-diligent states may also be assessed an additional penalty based on the amount of market share the PMs lose in diligent states. These penalties are known as the Non-Participating Manufacturer (NPM) adjustment. This NPM adjustment is designed to encourage states to meet their obligations under the MSA. Missouri appealed approximately \$50 million of the \$70 million NPM adjustment assessed by the arbitration panel to St. Louis Circuit Court. The \$50 million adjustment represented Missouri's pro rata share of the diligent states' NPM adjustment, which Missouri argued was calculated incorrectly. The case ultimately was decided in the Missouri Supreme Court, which sided with Missouri and awarded the \$50 million payment to Missouri in 2017.

## TAX CREDITS

The Department of Economic Development administers the majority of the state's tax credit programs. While several departments shown below issue credits, only the Departments of Revenue (DOR) and Insurance, Financial Institutions and Professional Registration (DIFP) redeem credits. Total redemptions in FY 2019 decreased 8.85%, or \$51.9 million, from FY 2018. In FY 2019, the four largest tax credit programs accounted for 66.5% of all redemptions.

TOTALS	\$1,953.4	\$807.8	\$1,079.4	\$66.1

Note: The sum of individual items may not equal totals due to rounding.

HB 1 provides funding to repay debt outstanding on the state's general obligation bonds. The general obligation bonds are secured by a pledge of the full faith, credit, and resources of the state. General obligation bonds can only be issued through voter-approved amendments to the state constitution.

The principal and interest amounts are transferred one year in advance from the General Revenue Fund, and in the case of Water Pollution—the Water and Wastewater Loan Revolving Fund, to the debt service funds from which principal and interest payments are made. Three types of general obligation bonds are currently authorized and outstanding:

**Water Pollution Control Bonds** proceeds help local governments construct wastewater and stormwater control facilities and improve drinking water systems. The Constitution authorizes \$725 million in bonds for this purpose. As of 7/1/19, approximately \$594.5 million has been issued. Debt service payments scheduled for FY 2020 for currently outstanding bond issues total \$12,379,556.

**Fourth State Building Bonds** proceeds provide funding for expanding prison capacity, adding new residential beds for youth offenders, and constructing and renovating higher education facilities. The Constitution authorizes \$250 million in bonds for this purpose, and the full amount has been issued. Debt service payments scheduled for FY 2020 total \$9,875,375.

**Stormwater Control Bonds** are issued to protect the environment through the control of stormwaters. The Constitution authorizes \$200 million in bonds for this purpose. As of 7/1/19, \$45 million has been issued. Debt service payments scheduled for FY 2020 total \$1,780,125.

\*Amount issued includes original issues and refunding issues; refunding issues do not count against Constitutional cap.

House Bill 5 provides appropriation authority to pay for debt authorized by the Board of Public Buildings. The Board's authority is established in Chapter 8, RSMo. Its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. The Speaker of the House of Representatives and the President Pro-Tempore of the Senate serve as ex-officio members of the Board but do not have the power to vote. The Commissioner of Administration provides staff support to the Board.

The Board of Public Buildings, upon the approval of the General Assembly, issues revenue bonds for building projects. Certain statutes restrict the authorization to specific purposes, such as repair, renovations, or education. The total statutorily authorized issuance amount of the Board is \$1.545 billion. Of the total authorized, \$400 million can be used only for repair or renovations of existing state buildings and facilities. \$370 million of the \$1.545 billion is restricted for higher education, of which \$200 million can be used only for repair or renovations of existing higher education buildings and facilities.

While House Bill 1 provides funding to repay debt outstanding on the state's general obligation bonds, House Bill 5 provides authority to repay the state's revenue bonds. Revenue bonds, unlike the state's general obligation bonds, do not require voter approval.

Missouri State Parks

Missouri State Parks operates and/or maintains 91 state parks and historic sites plus the trails of Roger Pryor Pioneer Backcountry. The state parks and historic sites cover approximately 160,000 acres. The park system offers more than 2,043 structures, 3,591 campsites, 194 cabins, and more than 1,000 miles of trails. Approximately 21 million people visit the system annually to hike, camp, fish, discover, and explore.

Parks Sales Tax

The people of Missouri passed in 1984, 1988, 1996, 2006 and 2016 a one-tenth (1/10) of one percent sales tax to be used for parks and soil conservation. The revenue raised from this sales tax is to be divided evenly between parks and soil conservation. In FY 2019, Missouri State Parks received approximately \$48.4 million from this sales tax for Missouri state parks and historic sites.

HB 7 – DEPARTMENT OF ECONOMIC DEVELOPMENT

---

Missouri Division of Tourism

The Division’s source of funding is through a GR transfer to the Tourism Supplemental Revenue Fund. In statute, the Division is funded through the use of a formula whereby an amount equal to one half of the state sales tax generated above 3% growth in retail sales tax revenue of tourism-oriented goods and services is added to the prior year’s transfer. This increase is capped by statute at \$3 million annually. Those items that fall into this category are drawn from 17 Standard Industrial Classification (SIC) codes representing restaurants, lodging, and tourist attractions and activities. According to statute, the growth in sales between the third and fourth years preceding the budget year is used in the funding formula to determine what, if any, additional transfer the fund should receive.

In Fiscal Year 2018, there were 42 million visitors to Missouri, 18.02 million of which were from Missouri. For Fiscal Year 2018, taxable sales from the specific SIC codes were \$17.2 billion.

REAL ESTATE COSTS

---

General Assembly members recommended consolidating all real estate costs into one House Bill for FY 2006. Prior to FY 2006, appropriations for state owned facilities were included in the Office of Administration’s operating budget. The janitorial costs and utilities for leased space were included in the operating budgets of the individual agencies. The consolidation in FY 2006 combined all costs into House Bill 13. In FY 2008, further consolidation occurred within House Bill 13 to include the maintenance costs, fuel and utilities for most institutional facilities such as prisons, hospitals and state schools. The Department of Corrections and the National Guard subsequently deconsolidated in FY 2015.

In FY 2020, the state will lease approximately 615 facilities including offices, warehouses, parking, schools, and labs totaling more than 3.3 million square feet. The state also operates buildings at 51 state-owned sites totaling more than 3.7 million square feet of office, lab and storage space, as well as over 5.6 million square feet of institutional space.

The Division of Facilities Management in the Office of Administration is the state agency responsible for centralized leasing functions. The initiative to centralize leasing functions evolved from recommendations by the General Assembly. These recommendations included centralization of the procurement, budgeting, appropriation, and payment processes of real property leases.

The State of Missouri uses a competitive public bid and negotiations process to acquire leased space.

The totals for state-wide real estate (HB 13) included in the budget for FY 2020 are as follows:

CAPITAL IMPROVEMENTS

---

The Missouri budget historically used a biennial appropriations process for capital improvement projects. However, beginning in FY 2016 the General Assembly opted for one-year appropriation bills rather than two-year bills. The term capital improvements (CI) is generally defined as projects that involve major maintenance and repair, renovation, or construction, that replaces, expands, adds value, or prolongs the life of property, facilities, or equipment. These projects generally fall into one of the following categories:

Re-Appropriations are projects that have been authorized and funded in a previous fiscal year. These projects generally take multiple fiscal years to complete and have outstanding authority at the end of a fiscal year. The General Assembly authorizes the expenditure of the remaining authority for the following year.

Maintenance and Repair (M&R) are projects that involve work necessary to preserve or re-establish the condition of a state owned facility that are not considered Operational Maintenance and Repair (OPMR). OPMR funding will be found in the agency’s operational budgets and may include routine preventative maintenance, minor alterations, painting, carpet repair, etc.

Capital Improvements (CI) are new projects or projects that could include new construction, land or facility acquisition, major additions, extensions, major site improvements, or energy conservation work done on an existing facility.

## GAMING COMMISSION FUND REVENUES

---

The primary funding source of the Gaming Commission Fund is \$1 of the \$2 boarding fee each casino remits to the Commission for every patron on its premises counted every two hours. The other \$1 of the boarding fee is distributed to the casino's home dock community. Revenues generated from licensing fees, administrative fees, penalties, and reimbursements are also deposited into the fund. These revenues support the operation of the Gaming Commission and the transfers authorized by Section 313.835, RSMo.

Up to one cent of the state's \$1 portion of the boarding fee is transferred to the Compulsive Gamblers Fund. The first \$500,000 of net Gaming Commission Fund proceeds (net of Commission expenses) is available to cities and counties, if matched dollar for dollar, for community neighborhood organization programs for the homeless and to deter gang-related violence and crimes. The remaining net proceeds are then transferred in the following order: (1) \$5,000,000 to the Access Missouri Financial Assistance Fund, (2) \$3,000,000 to the Veterans' Commission Capital Improvement Trust Fund, (3) \$4,000,000 to the Missouri National Guard Trust Fund with an allowance for a \$1,500,000 increase should the General Assembly so choose, (4) all remaining proceeds are transferred to the Veterans' Commission Capital Improvement Trust Fund.

The following chart provides a historic summary of the transfers from the Gaming Commission Fund.

## STATE OF MISSOURI - BUDGET PROCESS

---

### **Department Budget Preparation (Jun.-Sept.)**

- From June through September, state agencies prepare budget requests.
- Departments submit budget requests to Budget and Planning and the General Assembly by October 1 (33.220 RSMo).

### **Revenue Estimates (Nov.-Dec.)**

- Budget and Planning, House Appropriations, and Senate Appropriations staff meet to form Consensus Revenue Estimate recommendation for GR.
- Governor, House Budget Committee Chairman, and Senate Appropriations Committee Chairman approve revenue estimate.

### **Governor Recommends the Missouri Budget (Oct.-Jan.)**

- Budget and Planning staff review budget requests and assists Governor with recommendations.
- Governor gives State of the State Address and Budget Message to a Joint Session of the General Assembly in mid-January and releases recommendations.
- Budget and Planning staff draft appropriations bills with Governor's recommendations and then forward them to the Chair of the House Budget Committee.

### **House Appropriations Committees Review Operating Budgets (Jan.-Feb.)**

- Budget Committee Chairman introduces operating budget bills.
- Bills are referred to Budget Committee.
- Appropriations Committees send recommendations to Budget Committee.

### **House Acts on Emergency Bills (Jan.-Feb.)**

- In February, Budget Committee conducts hearings and "marks-up" emergency, or supplemental, appropriation bill(s) by making amendments to the bills.
- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate after being passed by House.

### **House Acts on Operating Budget (Feb.-Mar.)**

- House Appropriation Committee Chairs present appropriations bills with recommendations to Budget Committee which then "marks-up" bills.
- Typically, the Budget Chairman offers his/her own substitutes for all operating appropriations bills
- Staff prepares House committee substitute bills based on Budget Committee amendments to the introduced bills/Chairman's substitutes.

---

**STATE OF MISSOURI - BUDGET PROCESS, contd.**

---

- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate in mid-March after being passed by the House.

**House Budget Committee Acts on Capital Improvements Budget (Mar.-Apr.)**

- Mid-March to early April, House Budget Committee conducts hearings and “marks-up” capital improvements budget.
- House passes perfected House committee substitute bills as amended by floor action and sends to Senate.

**Senate Action (Jan.-Apr.)**

- If the House and Senate do not pass identical versions of a bill, the Senate Appropriations Committee holds initial hearings on emergency, operating, and capital budgets in January and February.
- During mid-March and early April, Senate Appropriations Committee considers governor and House recommendations, “marks-up” budgets and presents Senate committee substitute bills to Senate.
- Senate either adopts Senate committee substitutes, amends Senate committee substitutes, or adopts Senate substitute bills for appropriations on emergency, operating, and capital improvements budgets.
- Senate returns the appropriation bills to the House of Representatives for either acceptance or conference to settle differences.

**Conference Committee Action (Apr.-May)**

- Speaker of the House appoints five representatives and President Pro-Tem of Senate appoints five senators to Conference Committee for each appropriation bill.
- In mid-April, Conference Committees meet to resolve differences and adopt conference committee substitute appropriations bills.
- In late-April and early-May, conference committee bills are returned to the House and Senate to be truly agreed to and finally passed (TAFP). The Constitution prohibits action on appropriation bills after 6:00 p.m. on the first Friday following the first Monday in May.

**Governor’s Veto Authority (June)**

- TAFP appropriation bills are sent to and signed by the governor by July 1. Governor signs bills as is, vetoes entire bill, or line-item vetoes appropriations within the bill.
- Governor attaches veto message identifying items vetoed.

**Legislative Override of Governor’s Veto (Sept.)**

- Legislature may override governor veto by a two-thirds majority in both the House and Senate during either the current session or the following legislative veto session held in September.
